Magic: It is everywhere at W.G. From the first day of school, until graduation W.G. has a special magic that no other school has. There is not just one answer to the question, "How is W.G. magical to you?" Just as a magician pulls a rabbit out of a hat, you must find your own magic . . . in your education . . . in your activities . . . in yourself.

CROCKETT KEEPS W.G. IN HIGH SPIRITS

She is Willow Glen magic.

It is my hope that your days here at Willow Glen High have been enjoyable and filled with learning and growth. Grab hold of the many tomorrows and use what you have learned in the past to build a bright and shining future. I hope that your pathway will be straight and true and that your destination will be golden with happiness and alive with vibrant promise.

Luck, success, and best wishes always.

In the 1960's and even to some extent the 70's and 80's, the words busing and desegregation were synonomous with the words trouble and riots. It is to the credit of each and every student, parent, and faculty member at Willow Glen High that this school runs so smoothly.

In a speech given within the eyesight of the Lincoln Memorial in Washington D.C., Dr. Martin Luther King Jr. stated that one day he wished "people would not be judged by the color of their skin but by the content of their character." Thanks to the open minds of the students, parents, and faculty, that idea is alive and well at Willow Glen High School. You all should be commended for a job well done.

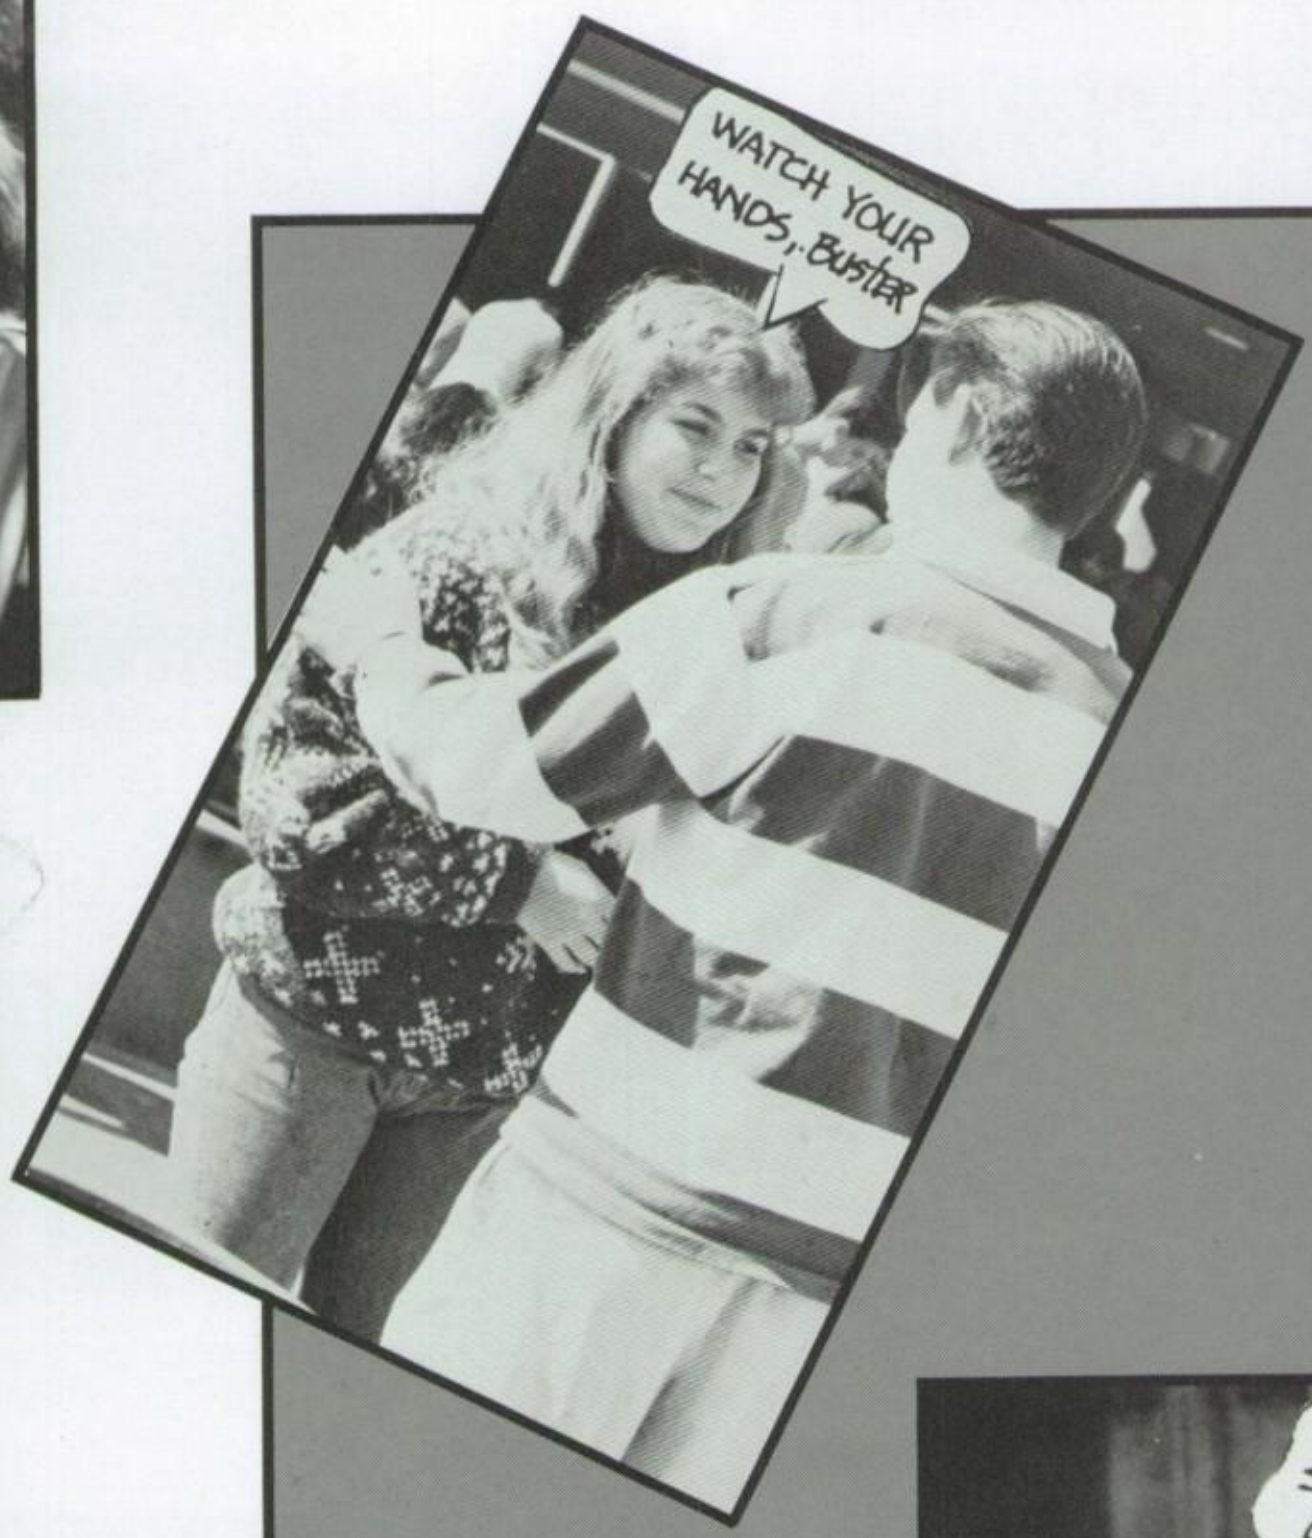
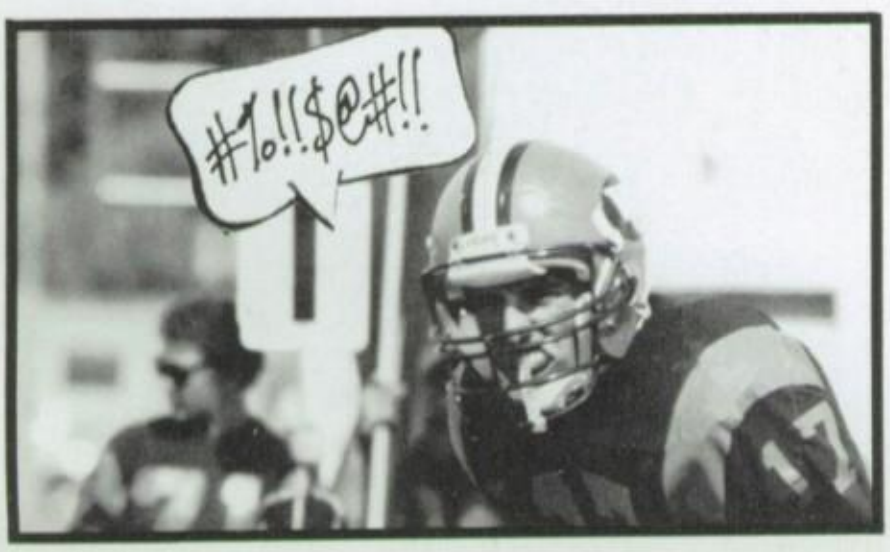
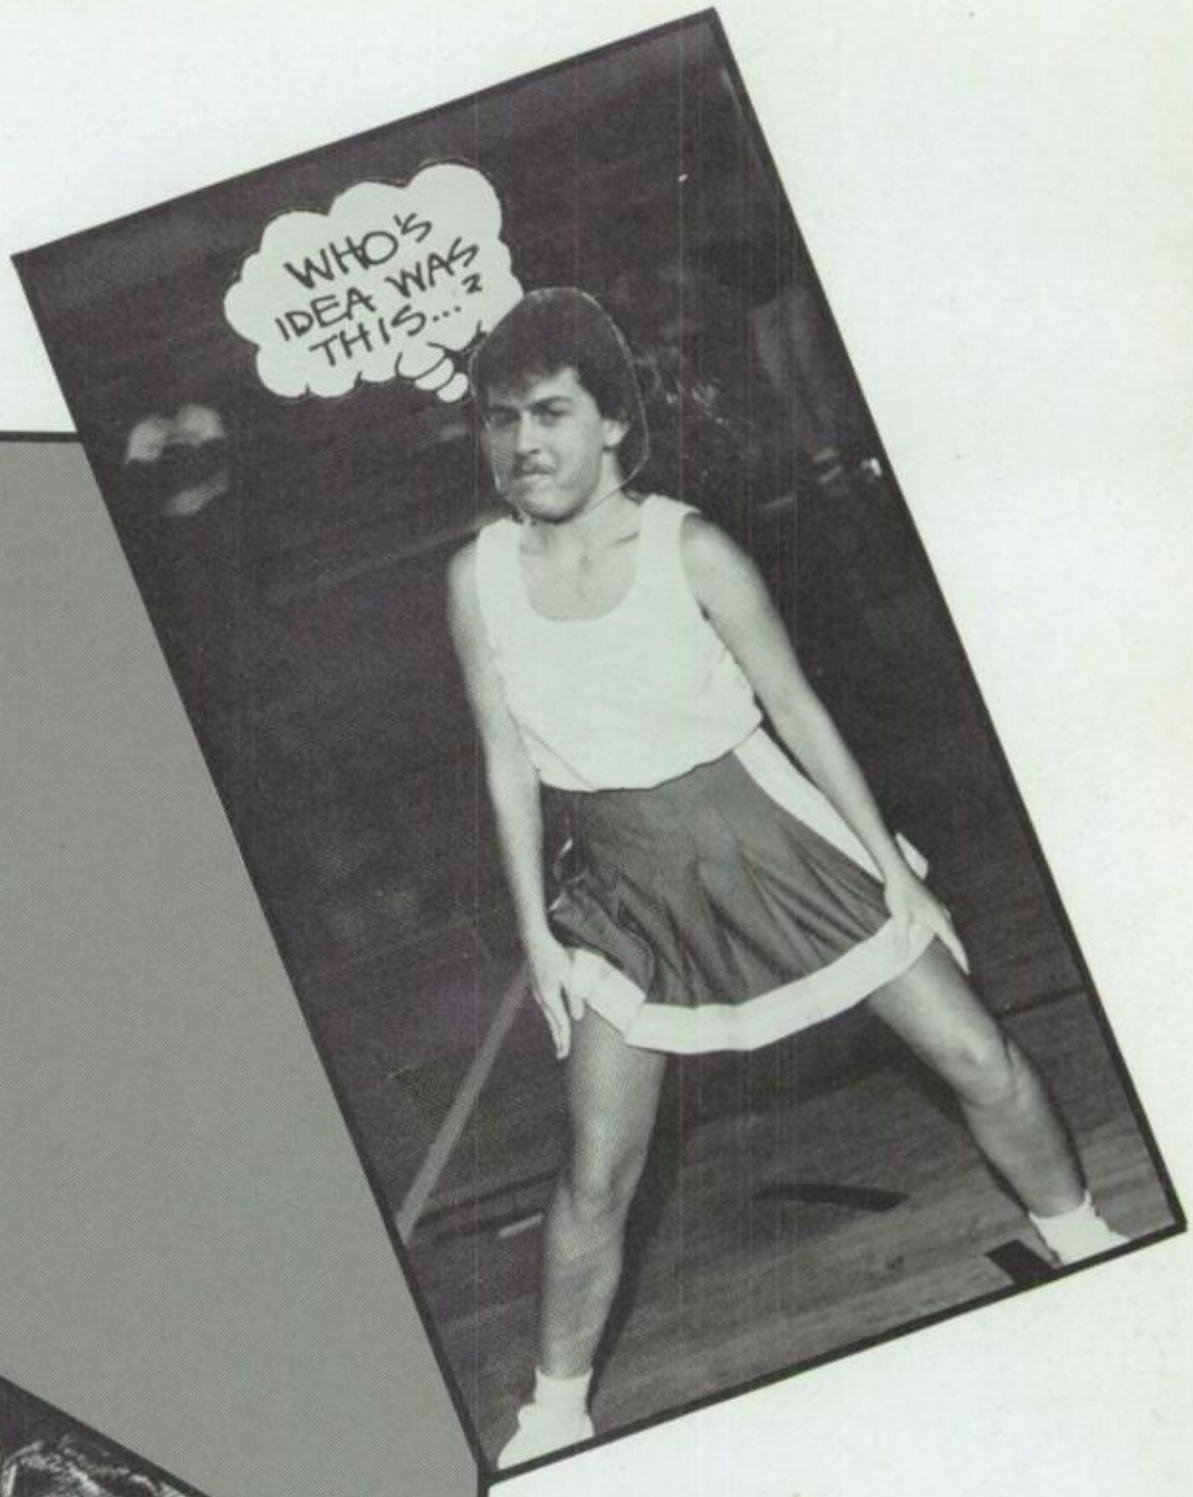
GOES ON . . .



THE MAGIC

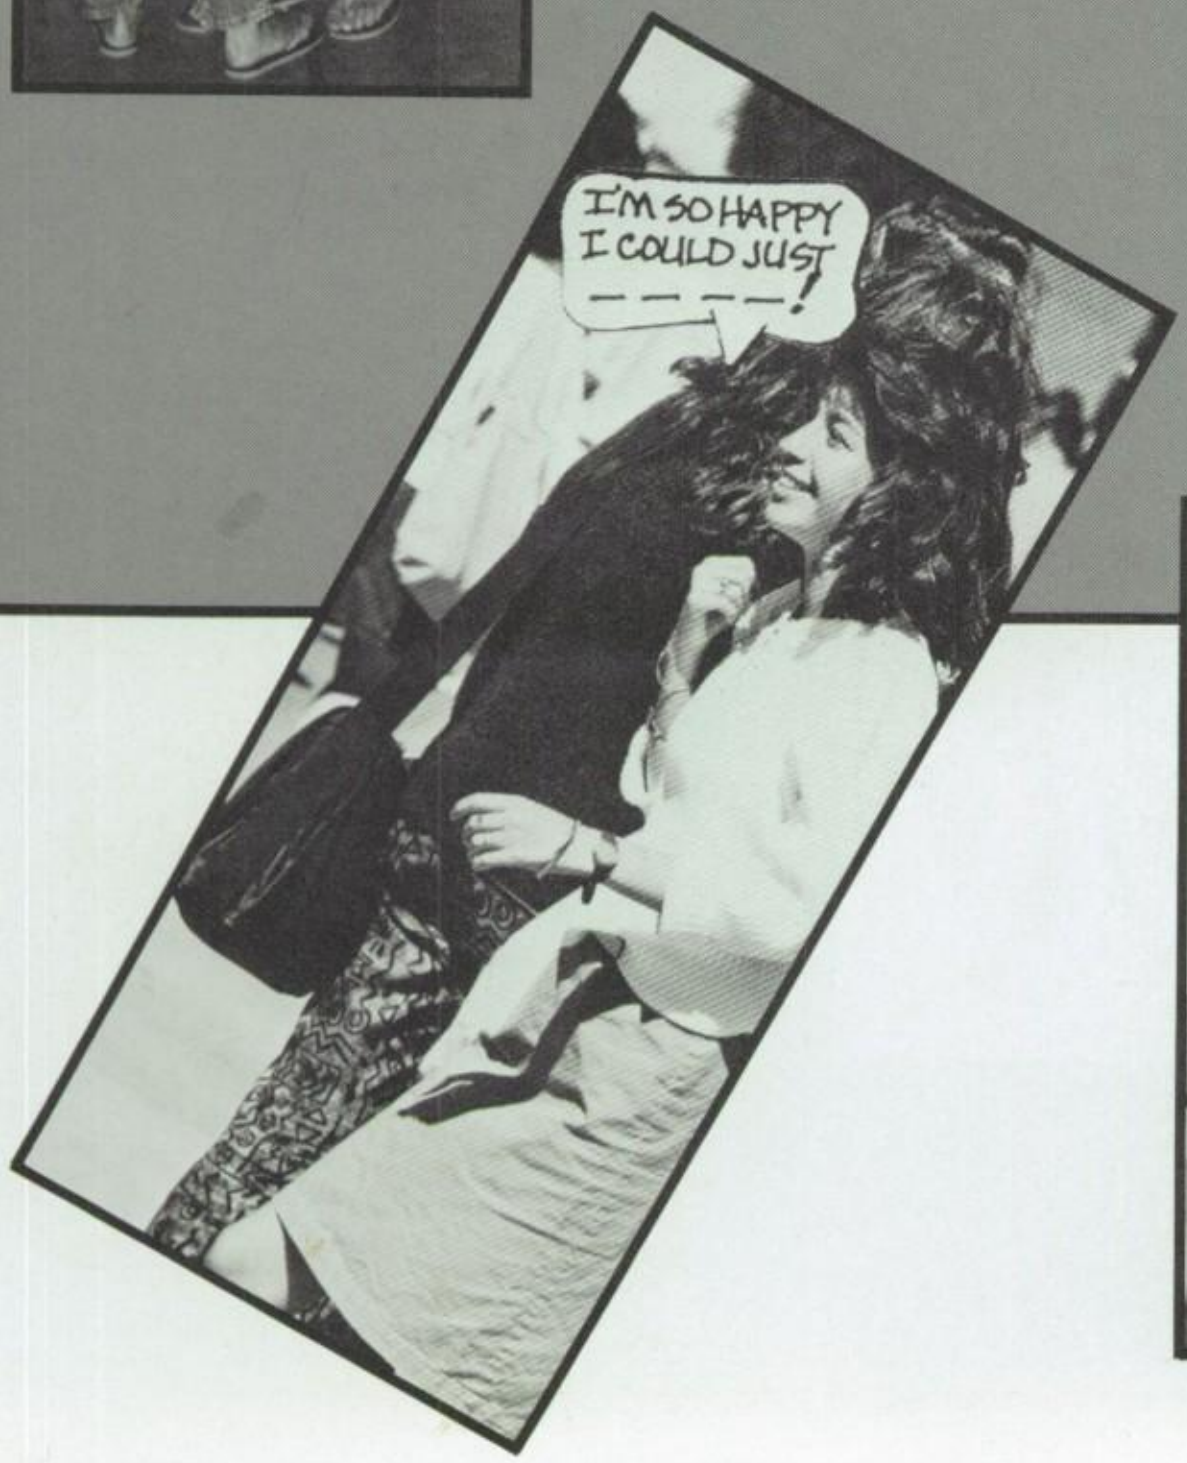


"SLOW DANCIN"



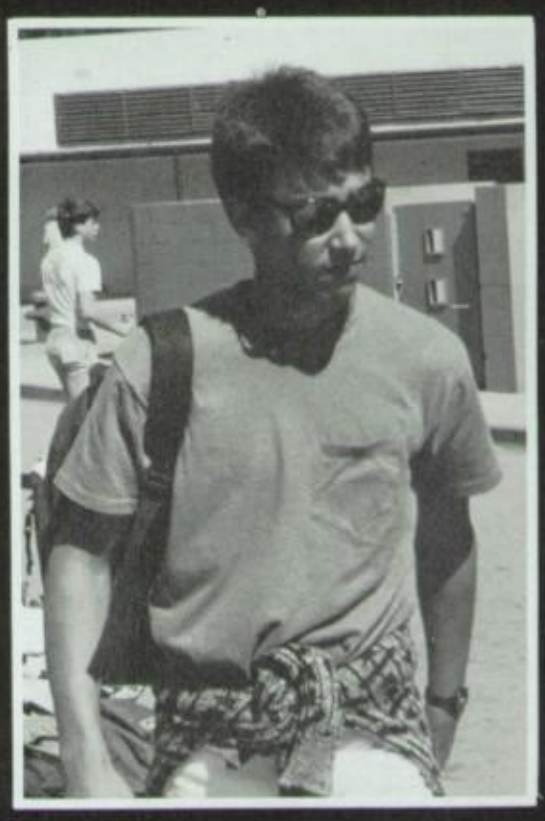
WHO'S IDEA WAS THIS...?

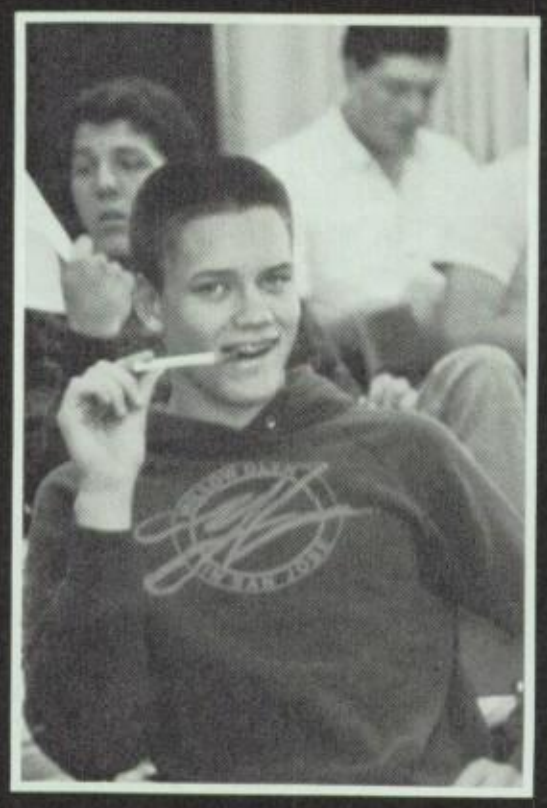
AND ON. . .



I'M SO HAPPY I COULD JUST ----!

I THINK I'M GOING TO REGRET THIS..





A MAGIC HAT

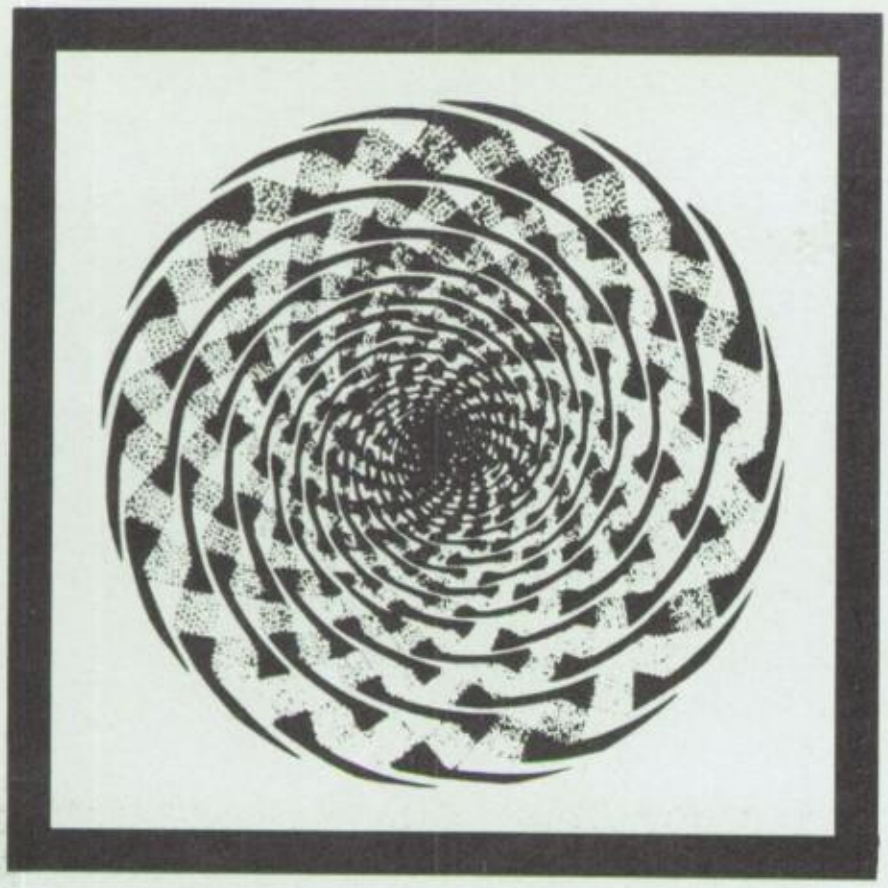
If I had a magic hat, I'd put it on and change the world. I'd call my hat _____, and every morning I'd go to my_____, take it out, and put it on.

If my_____ said " _____ " while I was eating my breakfast, I'd touch my hat and he (she) would _____ . Then he (she) would say. " _____ _____ , and I would _____ .

At school, all of my friends would talk about my hat. They would say " _____ ," or " _____ ," and I would pretend that I didn't hear them. I'd just touch my hat, and they would_____ If my teacher told me to _____, I'd just_____ and touch my hat. Then he (she) would _____, and all the other kids would _____.

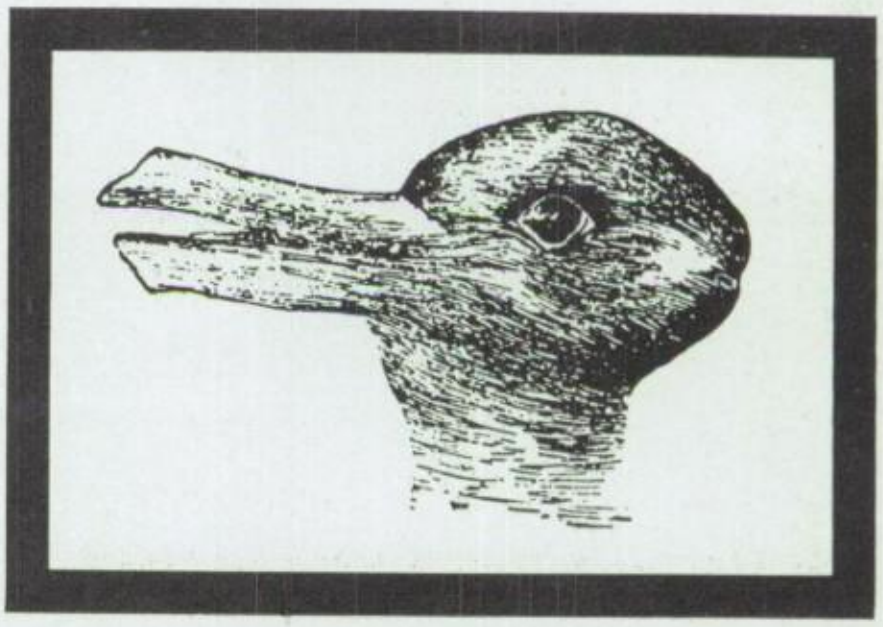
If I was being punished by _____ , I'd touch my hat and _____things would happen._____ would _____ . _____would _____ _____, and _____would _____ . If _____ said "You can't _____or _____ ," I'd just touch my hat and _____. Now wouldn't THAT be lovely.

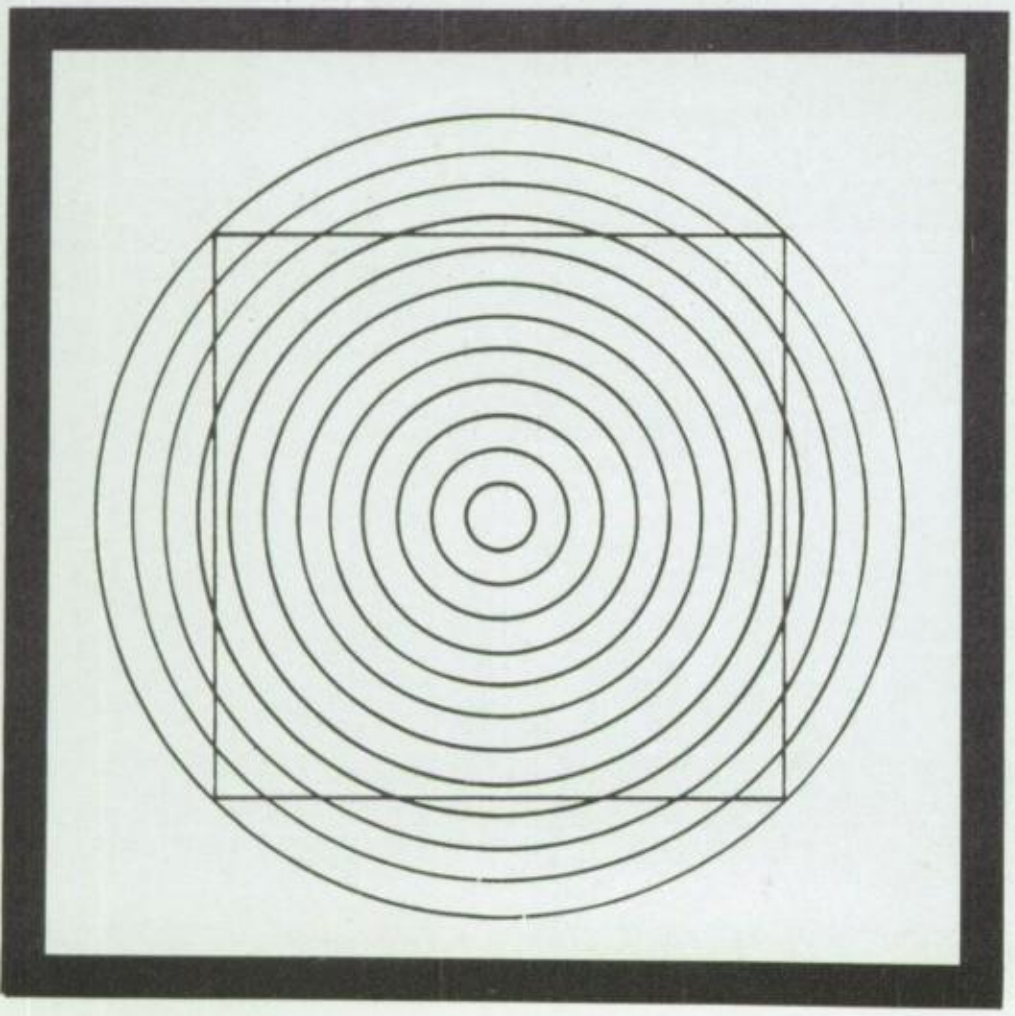
At night, if_____told me to go to bed, I'd just touch my hat and_____. Then I'd stay up all night, with my hat on my head, and _____, _____ , and _____.



The optical illusion to the left shows that some circles look like spirals. Actually, they are just circles, but the backround makes them appear differently. To prove that they are circles, trace one of them out with a compass.

When a drawing becomes more complicated, it can cause us to see images which are really quite different from each other. Do you see a duck or a rabbit in the figure to the right?





Circles can be used to make straight lines appear to bend. The illusion to the left is really a square against a backround of circles. The sides of the square appear to bend inward because of the pulling effect of the circles on our eyes. To prove that the lines are perfectly straight, use a ruler.

WILLOW GLEN HIGH IS MAGICAL BECAUSE . . .

"The pride and spirit you begin to experience as soon as you enter the Willow Glen campus. As you walk through the halls, you encounter the friendliness of the students and the staff. After conversing with such people, you feel a warm sensation. A feeling of acceptance. Willow Glen is a home where your high school memories begin and where friendship never ends."

Lisa Samano

"Friends, pretty girls, fond memories, and the tradition. My mother also went to this school. It's a nice school and the teachers are good and the J.C. Crew."

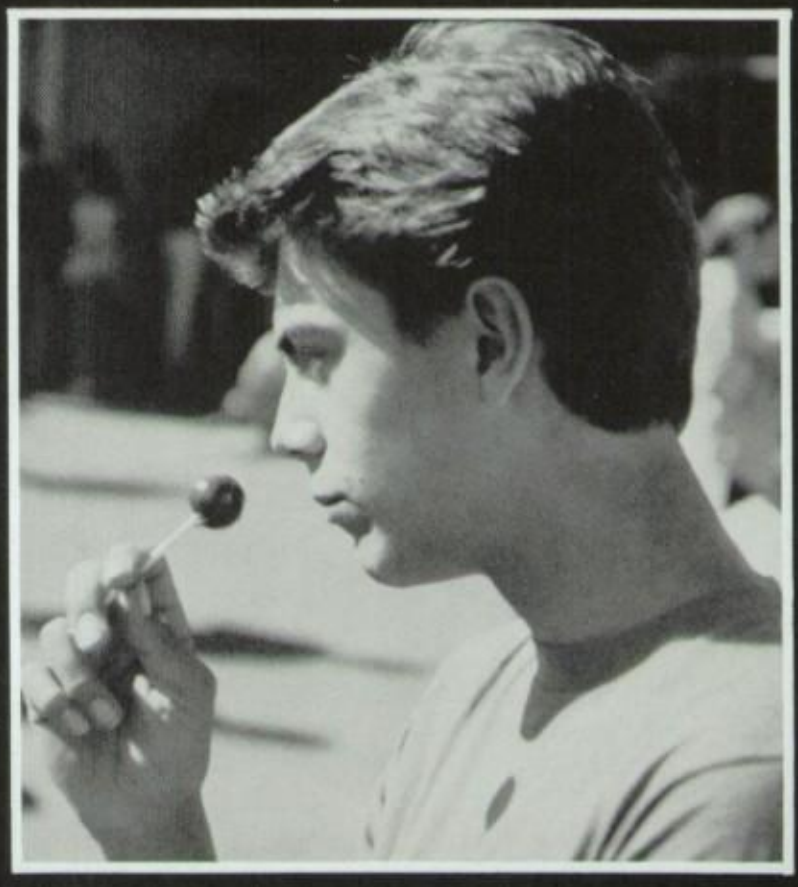
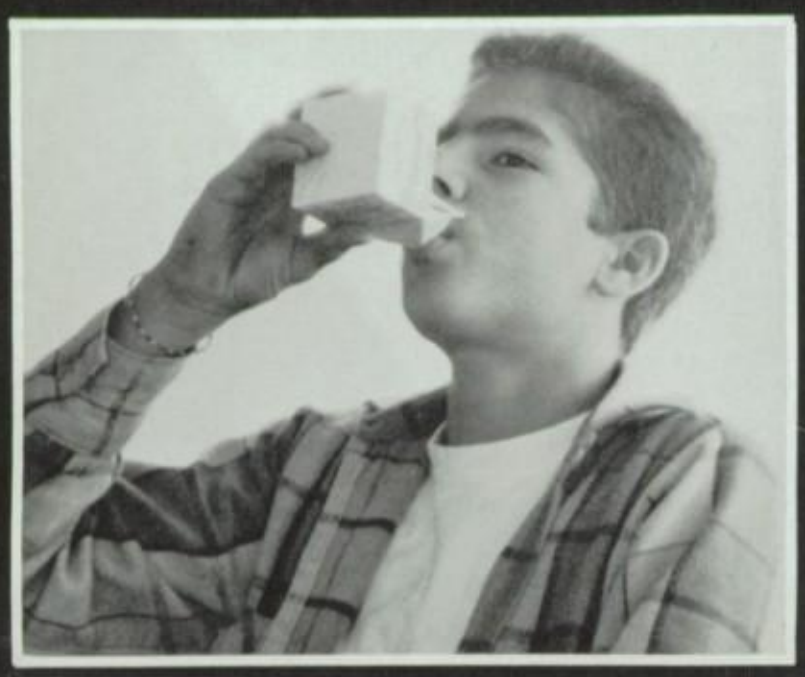
PASTIMES
Finding Things To Do

Sleeping, spacing out and looking at the clock every five minutes are some things you might see a student doing, if you peeked into a typical classroom. There is a variety of things students do to pass the time in "boring lectures". Here are some of them:

1. Slowly doze off to sleep;
2. Nibble on some snacks;
3. Scribble on your desk;
4. Look at the other bored students;
5. Dream about the weekend ahead;
6. Chat with the person behind you;
7. Blow Bubbles with your gum; 8. Gather your books before the bell;
9. Write notes to a friend;
10. Refresh your make-up;
11. Listen to the "Walk-man";
12. Count how many times the person saying the lecture says "um";
13. Figure how much value the jewelry of the person next to you has on;
14. Glance at the clock every second;
15. File your nails.





EXCUSES
Reasons For Tardiness

The bell has rung and you realize that you better have a good excuse this time for being late. One excuse after another is what all teachers hear day after day, but the question is "Can you believe some of these?" Here are some of them:

Ken B., "A dog was chasing me!"

Eddie C., "My fish died and I had to bury it!"

Eric C., "My watch stopped!"

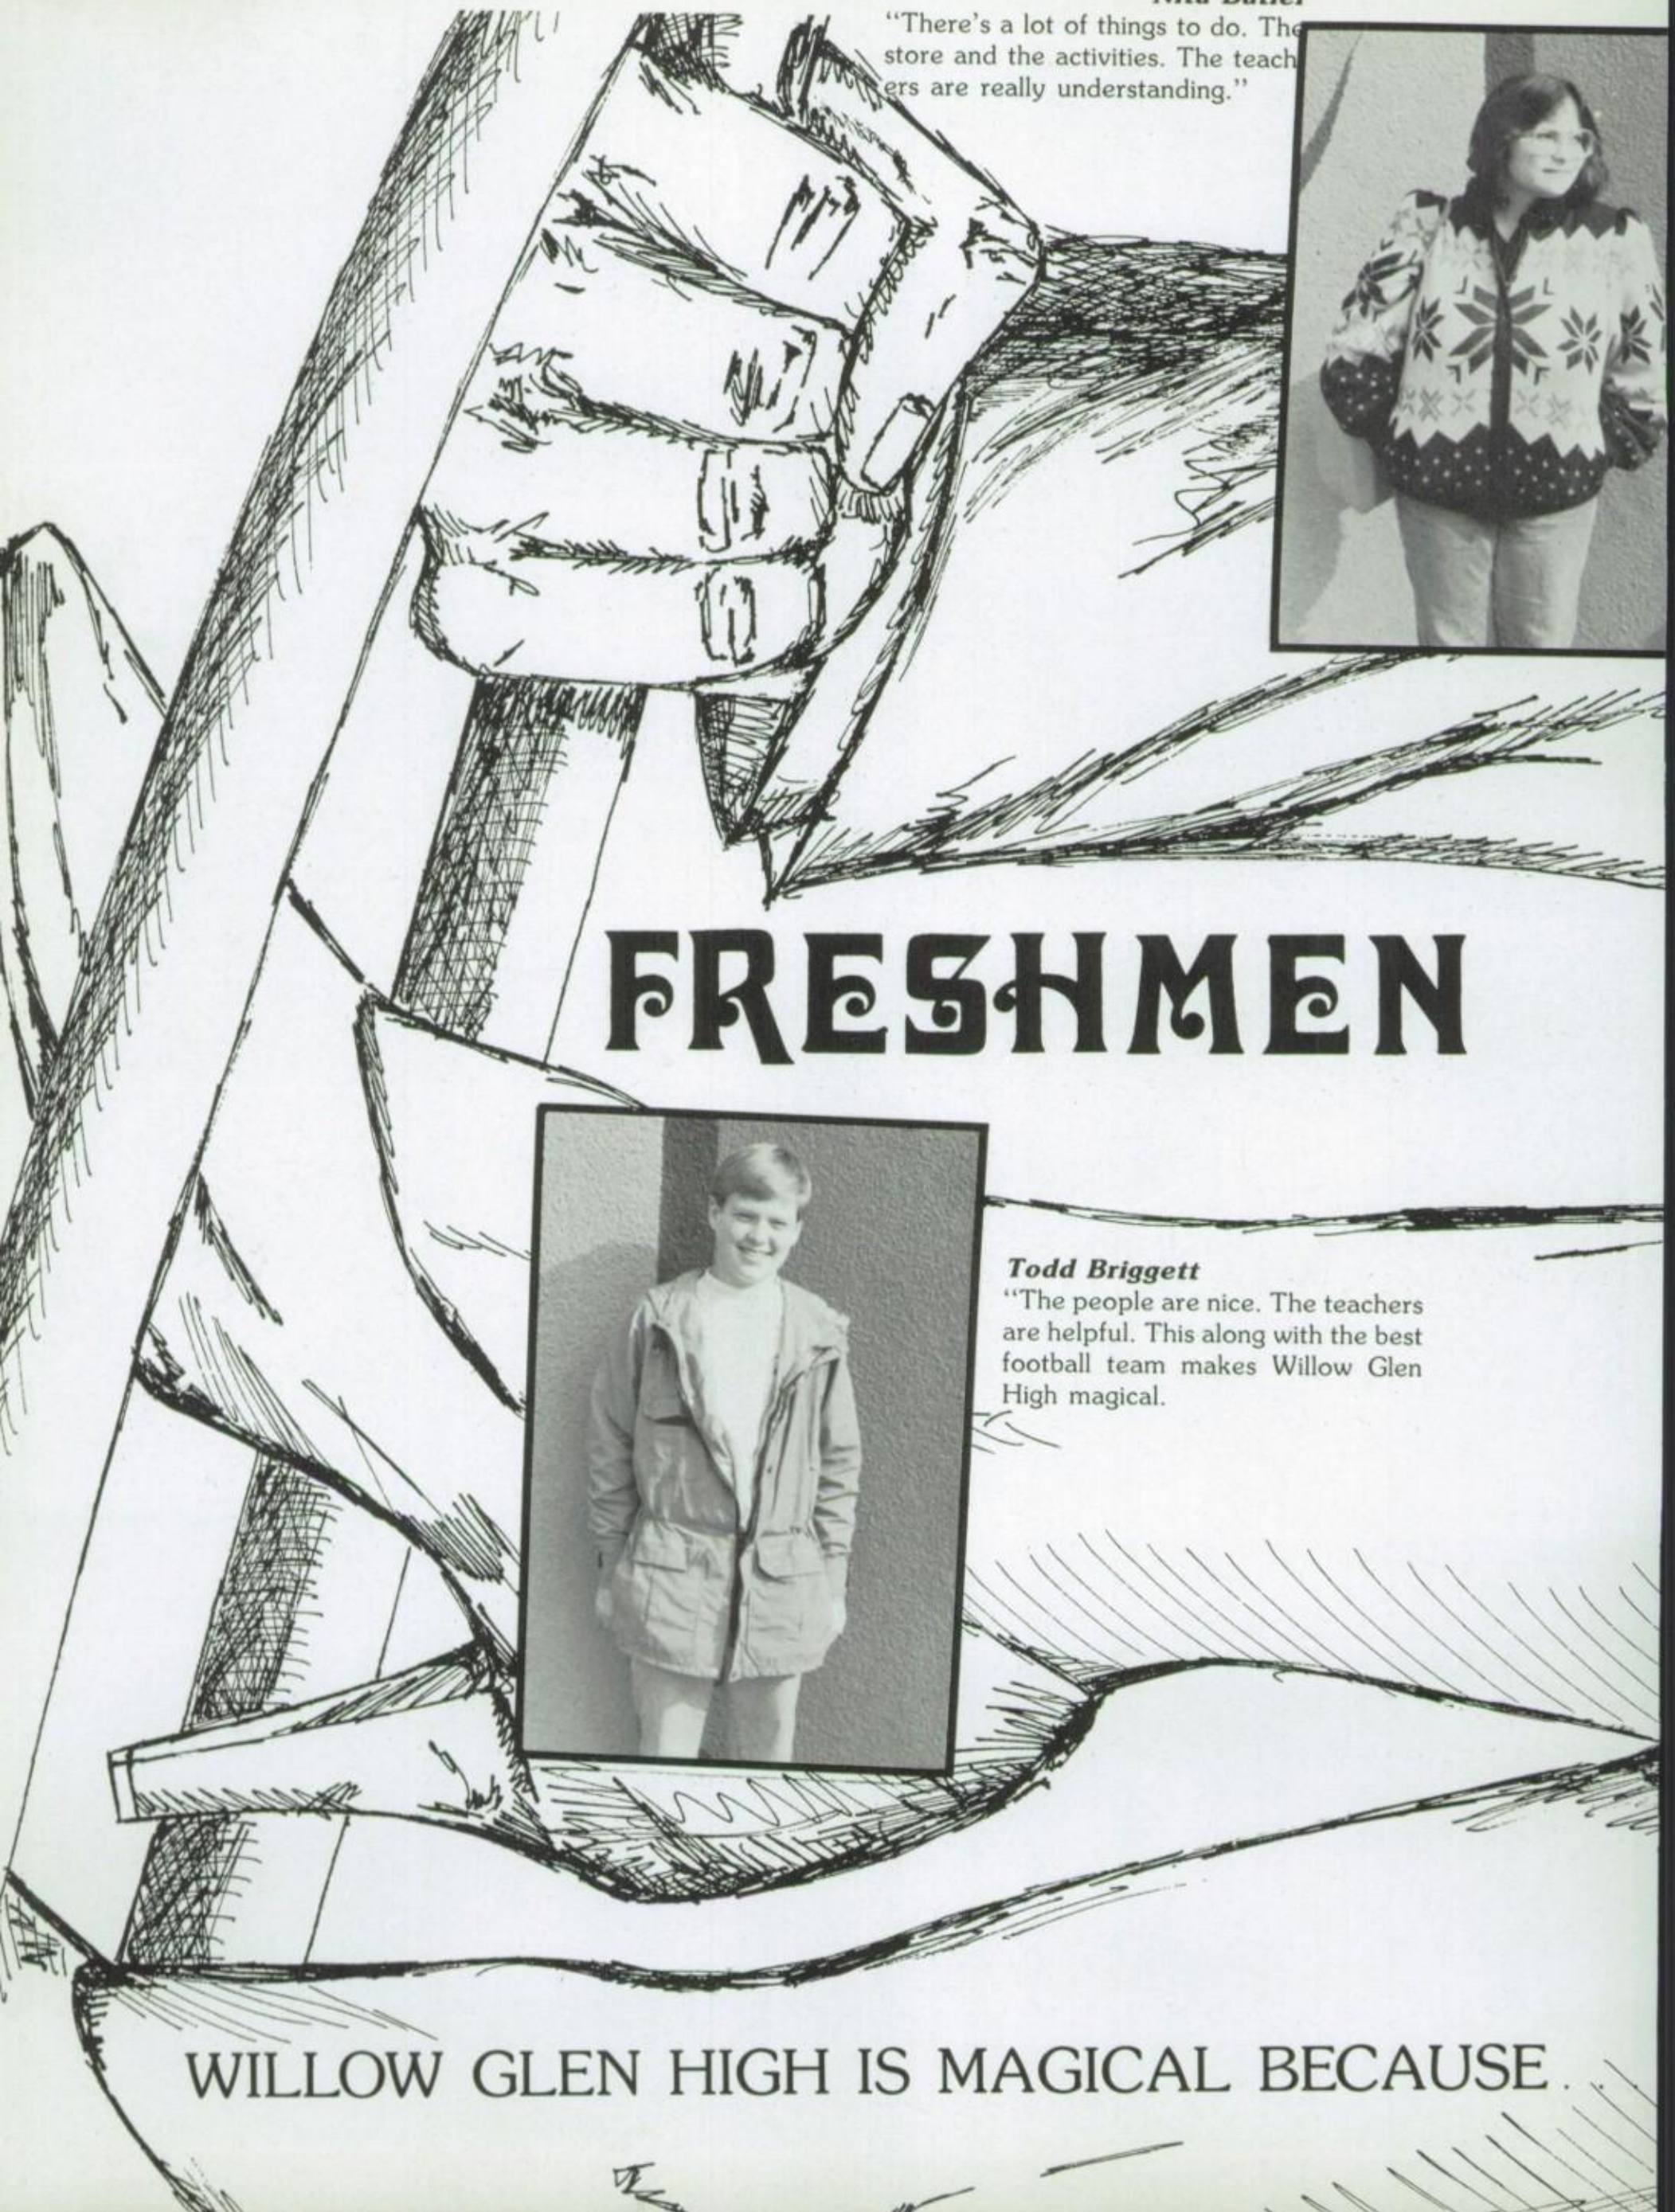
Mike T., "My brother turned my alarm off!"

Josephine B., " . . But I had a clock problem!"

Kim H. and Kelly M., "We got our schedules mixed up!"

Sean H., "The bus had a flat tire!"

Rob S., "Well, I left my pencil on my lunch tray and it took me 40 minutes to get it!"



Nita Butler
"There's a lot of things to do. The store and the activities. The teachers are really understanding."

FRESHMEN

Todd Briggett
"The people are nice. The teachers are helpful. This along with the best football team makes Willow Glen High magical.

Coach Mike Riley started this year by rebuilding his "Runnin Rams" Basketball team. By playing some juniors and sophomores, the team gained some needed playing experience for next year.

Todd Meeker, a graduate of Willow Glen's 1984 class, coached the Junior Varsity team to a second place victory in S.T.A.L. Meeker played Basketball for the Rams in '82, '83, and '84 seasons. His experience in playing Basketball payed off in his 1987 season as head coach of the J.V.'s.

The combination of both coaches makes for a good season and a positive attitude about Basketball in general.

WILLOW GLEN HIGH IS MAGICAL BECAUSE . . .

Gladys Wood

"The spirit of the school is magical. A special resiliency seems to be built in so that when dissappointments, setbacks, or tragedies occur, the students bounce back to record even more impressive achievements. The faculty, too, has a magical team spirit, which motivates them to meet new situations, requirements, and challenges with special effectiveness.

On September 12, 1986 Willow Glen had it's first dance. Approximately thirty percent of the student body attended. How could you tell the classes apart? Easy! The Freshmen dressed for the prom. The Sophomores dressed for a night on the town. The Juniors in their shorts and t-shirts dressed for the beach. And what did the Seniors dress for??? . . . For bed?!?!

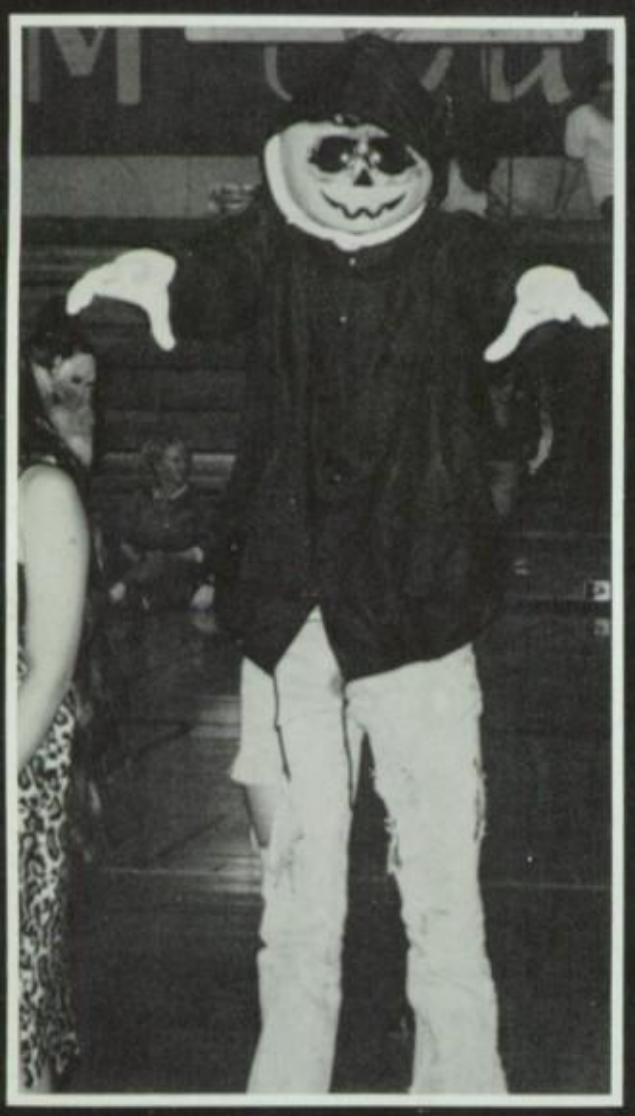
HALLOWEEN

Halloween was originally a vigil where people dressed in costume to ward off evil spirits. Today, Willow Glen students celebrate by dressing in creative costumes, going out "trick or treating," and going to parties. Great music, great costumes, and great friends at parties made Halloween simply SPOOKTACULAR!

Kathy Steele, "Stop clowning around Debra (Peffley)."

Scott Zollin and Raylene Haverson are sweet and innocent.

The "Baseball Furries." Ready to play ball?

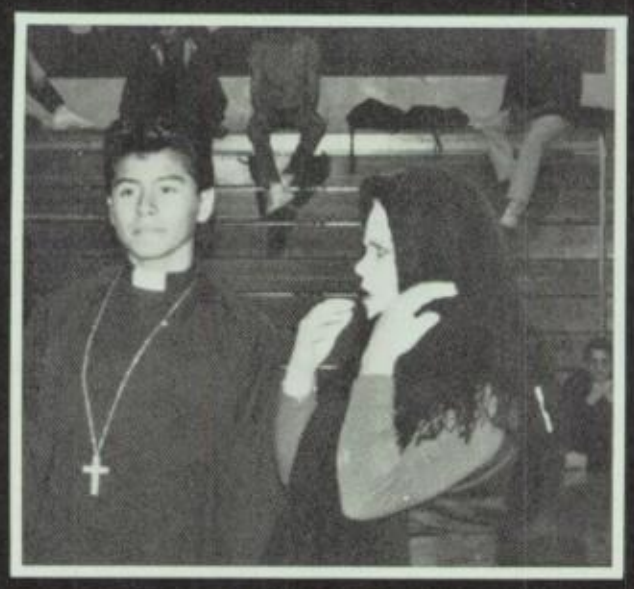


Sergio Avala portrays the "Headless Horseman."

Mr. McGuire is just a big ape.

Christy Brown, Dena Maragliano, Ami Garbiras, and Michelle Beltramo are the "real women" of the eighties.

Please, no more autographs.



Two typical Willow Gleners. Spooky.

BOO!

The Blues Brothers take Doc as hostage. Tracy Smith, Diane Williams and Janette Diatta.

Karen Chiaramonte, Kristen Chiaramonte, and Liz Escamilla pose as "Larry, Curley, and Moe."

Holly Coyle is a little girl at hart.

Kelly Leach, "Would you like to dance the 'Jitterbug with me?"

Too good to eat. Cathy Catudal.

WALTZ

Joci Houston danced the night away with her dad and brought home a trophy. Joci and her dad were clearly the best Waltzers on this side of Mexico.

JITTERBUG

Kristen Dysen and her dad jittered the night away by winning the Jitterbug competition.

ROCK

Anita Ellis and her pop hopped and bopped the night away to the rock-n-roll of the 80's. Everyone thought Anita and her pop were top's and awarded them a trophy for best fast dancing couple in the competition.

FATHER AND DAUGHTERS FIESTA DOWN!

This years Father Daughter Fiesta was held in the Willow Glen High cafeteria, and was attended by some 365 guests. The W.G. parents club prepared enchiladas, rice, refried beans, and salad for the guests. Fathers and daughters FIESTAED the night away. Special thanks to the seventeen W.G. students who helped serve and greeted the guests.

IN MEMORY OF HERM

THE TRAGIC STORY OF HERM THE WORM

There once lived a worm by the name of Herm. He was a small worm but had many friends. Herm had one enemy; science teacher Mr. Lucich! Mr. Lucich was on a worm hunt one day when he caught Herm just slithering around. Herm squirmed for his life but it was no use. Mr. Lucich had already decided Herms destiny. He decided to give anyone extra credit who would eat Herm. Once again, Herm begged and pleaded but it was no use. There were many brave volunteers who stepped forward to eat Herm. Heidi K. was the first to try, but Greg L. was so attached to Herm, he just couldn't let her do it. Well, Paul R. decided to prove to Greg that there was nothing to it. He plopped little 'ol Herm in his mouth and washed him down with a Coke. All this was just to much for Diana G. She was so upset about Herms death that she mourned over Herm for months. Matt L. ate Herms brother Vern, proving to everyone that real men do it with a string. The tragic story of Herm the worm may be over, but his memory will live on forever at Willow Glen High School.

TAURUS

TAURUS***(April 21-May 21)*** You are a person who aims for steady, solid progress. This year you can pull it off, with the help of a secret admirer. CANCER***(June 22-July23)*** You love to have attention. Sometimes, though, you don't always take the time to "smell the roses" Stop and smell them, it may be very beneficial to you. This month you may want to indulge and change your clothes.

LEO

LEO***(July 24-August 23)*** You are an emotional person. You need the security of others to feel safe. But you don't like to show how you feel- try and open up-it will be worth it. Also try and brush your teeth-it will also be worth it!

PISCES

PISCES***(February 20-March 20)*** You are a true believer-which makes you think of only the world of dreams and fantasies. Try and put yourself in the "real world" and seek opportunities to achieve your heart's desire. Also, follow your mothers desire and pick up your room.

WILLOW GLEN GETS AROUND

The poles that keep our cars in at lunch made their debut the first week of school.

This year was a time for many changes at Willow Glen. Desergregation brought many new students and closed campus kept them all here at lunch. This was hardest for the Senior class, as they have always had the priviledge of leaving school at lunch. They adjusted and many people noticed a great new spirit. Class advisors reported the greatest class meeting turnout in years. Rallys were crowded and Mike Riley created fun lunch-time programs such as playing music and inter-school sports. However, closed campus did have several noticable drawbacks. Snack Bar lines were long and the Quad was very crowded. The biggest problem was on rainy days. There was hardly a dry, uncrowded place to be found. Because of closed campus and no lockers, many students were forced to carry "suitcases" full of books. In the end, we got use to staying here at lunch . . . Was it really all that bad?

CLOSED CAMPUS

No lockers + Closed Campus = 2 much to carry

One of the punishments for being off campus: Ray P. picking up trash in the Quad.

A Big Problem that the future students are going to have to find a solution to.

Another special assignment was to have the eggs-hilirating eggs-perience of being a parent.

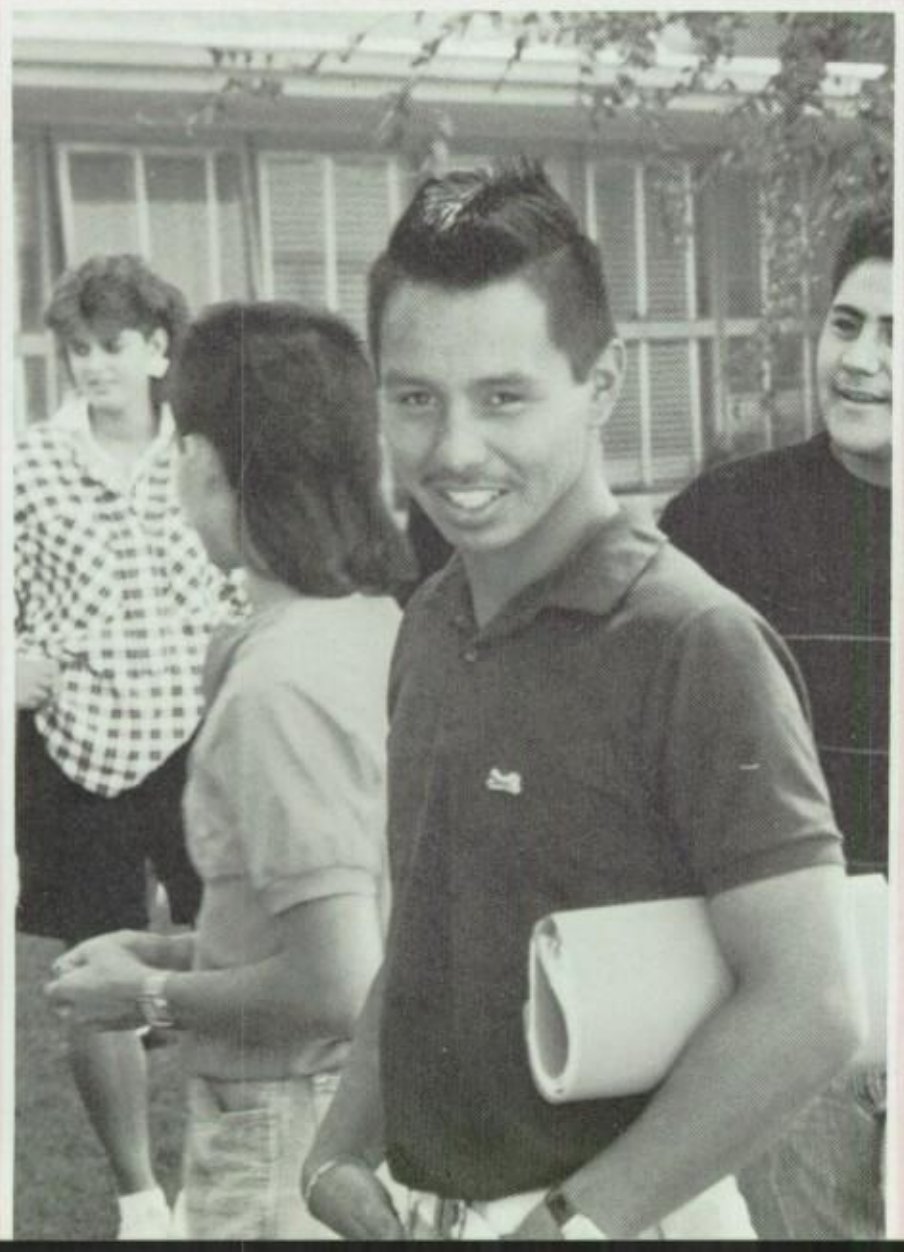
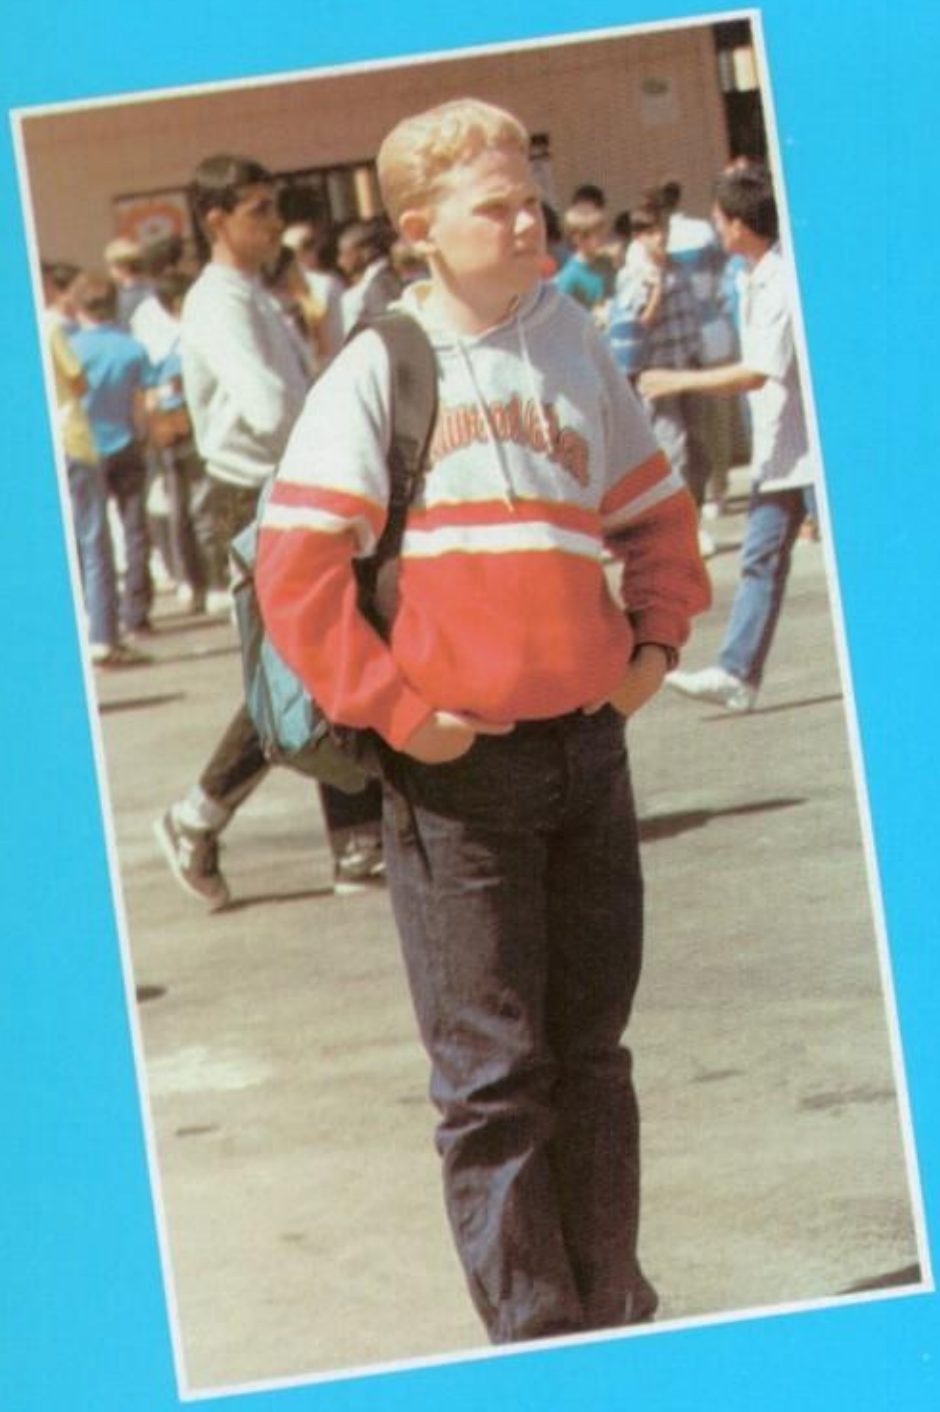
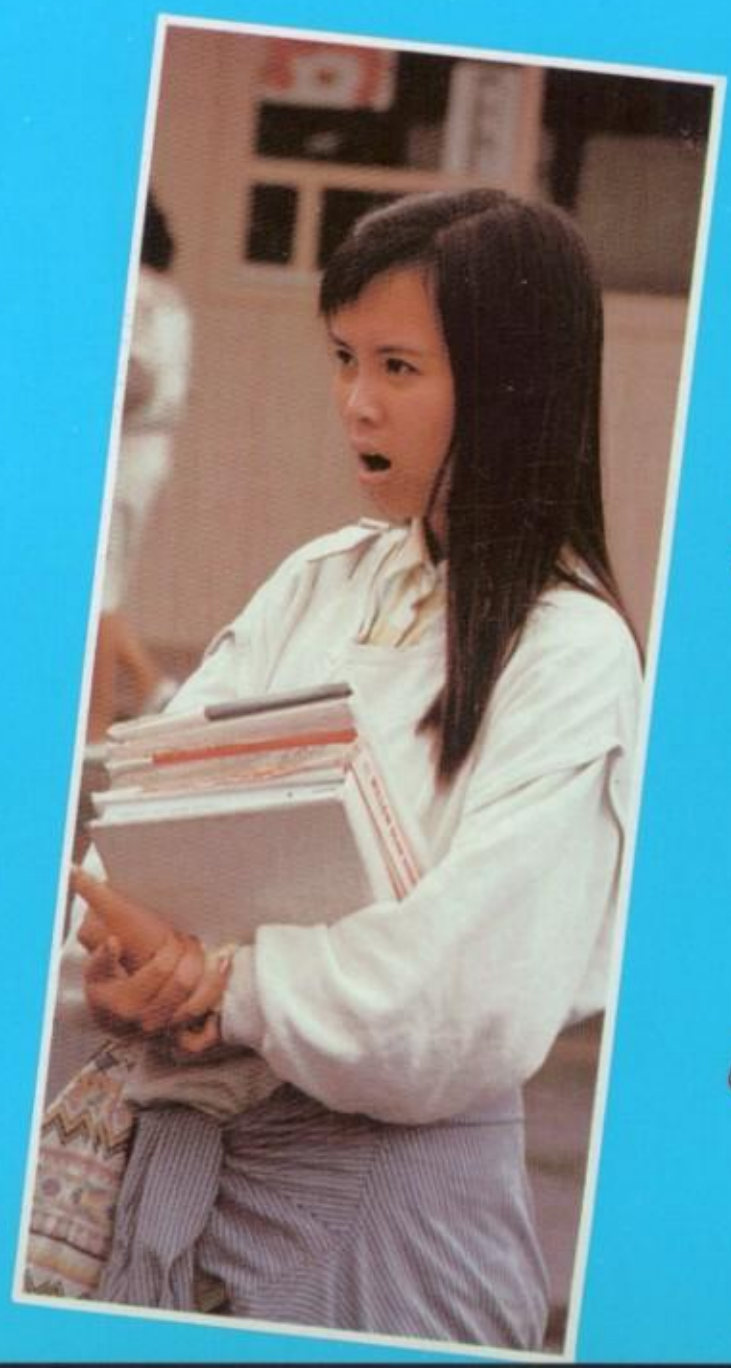
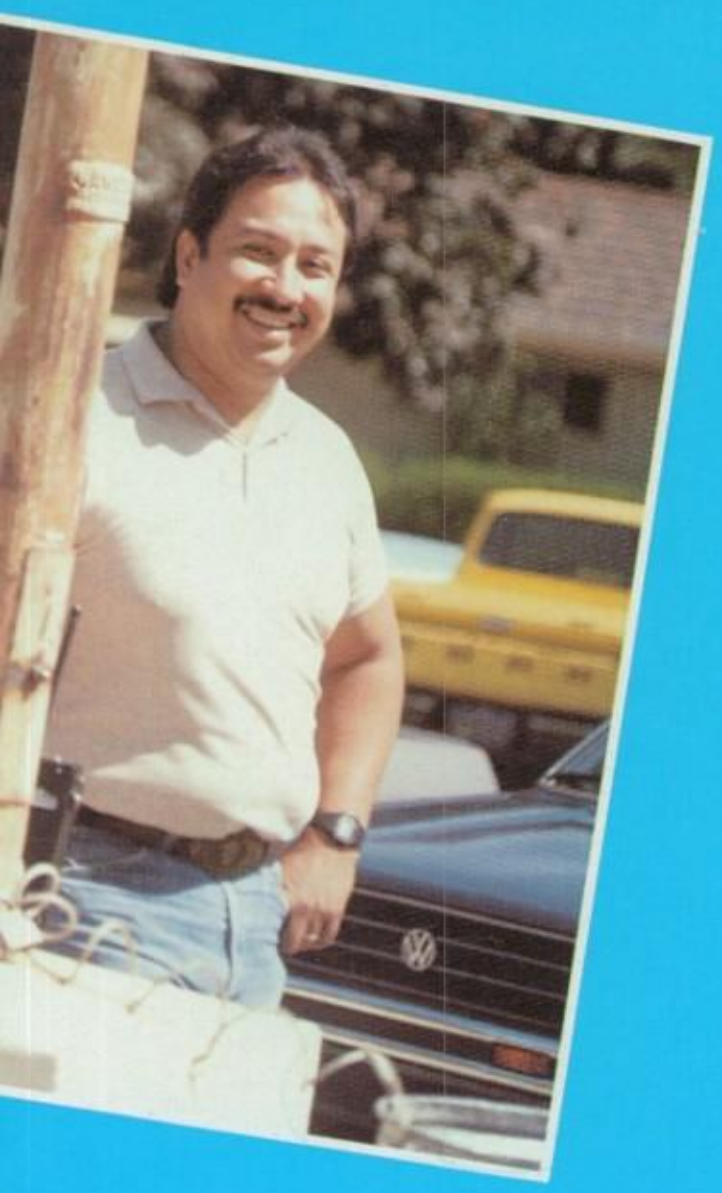
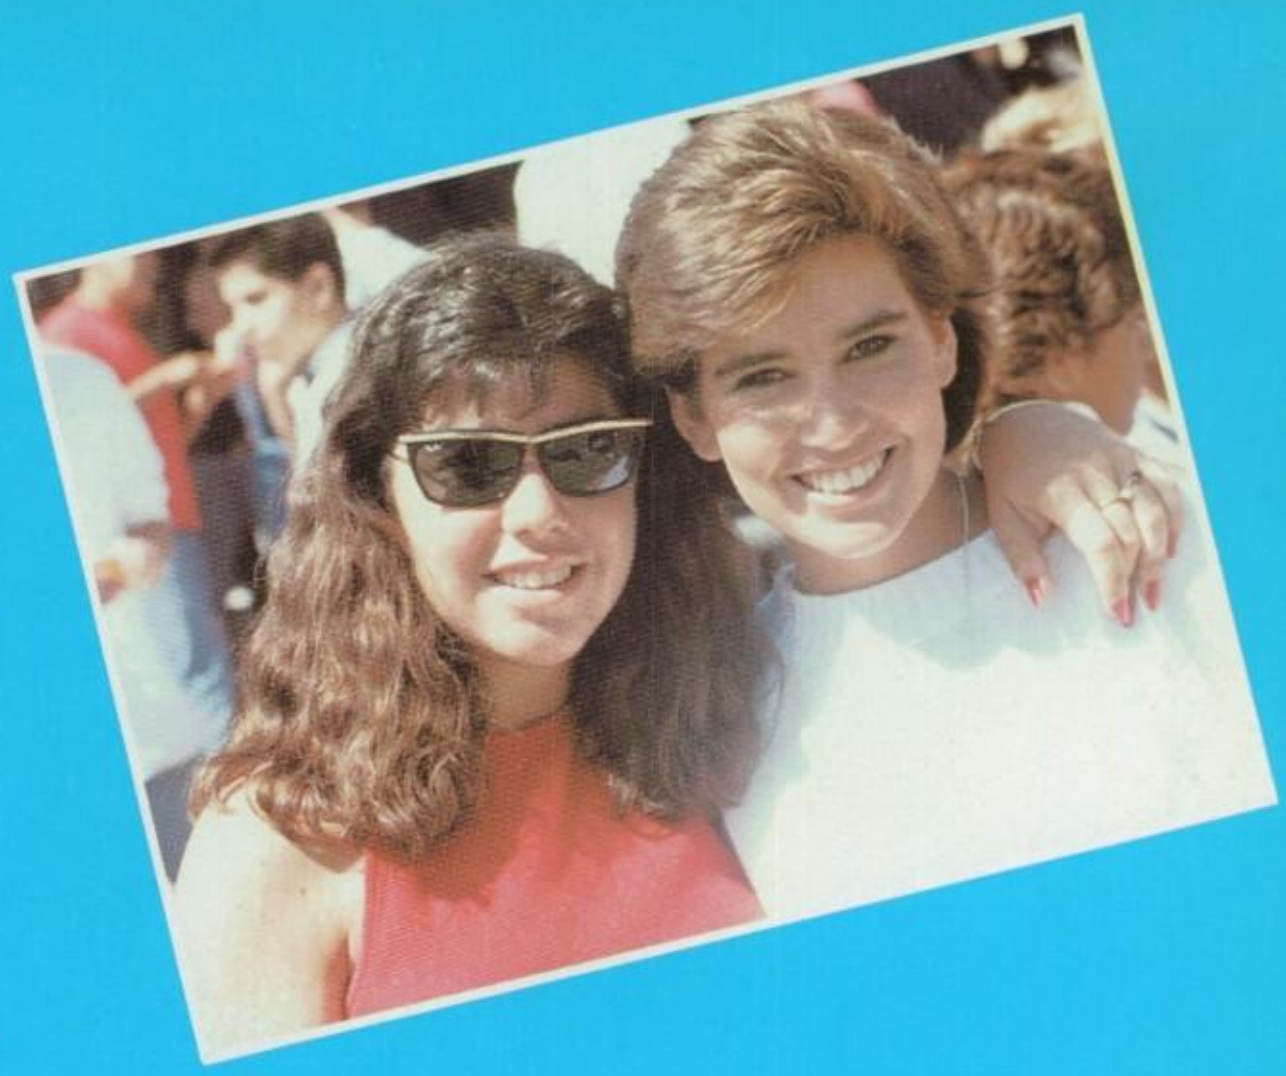
THIS IS HORSE COUNTRY

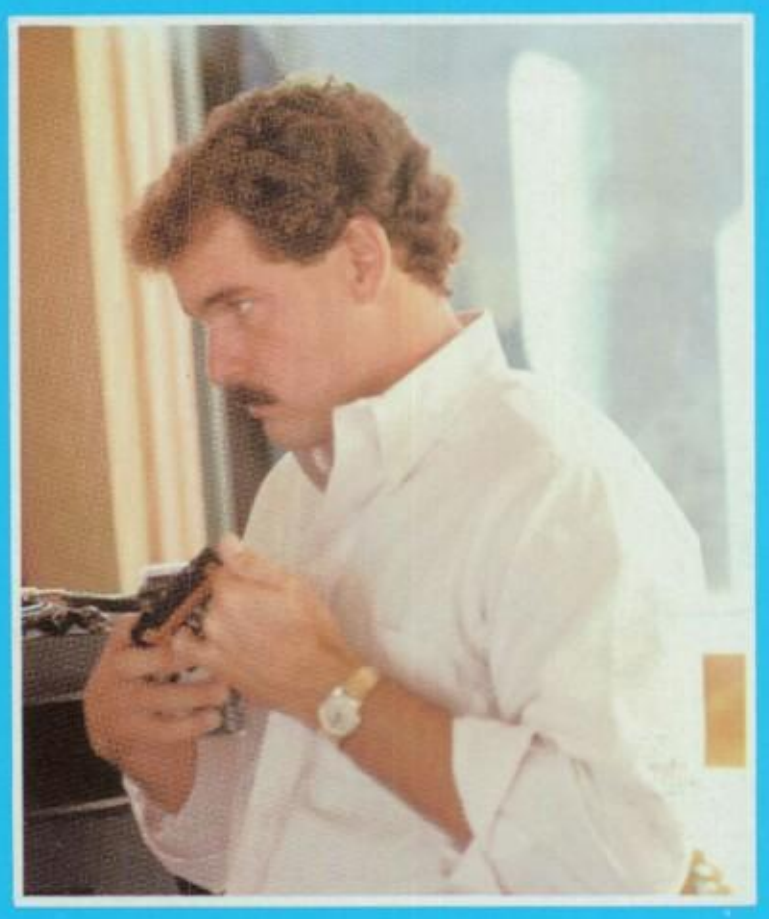


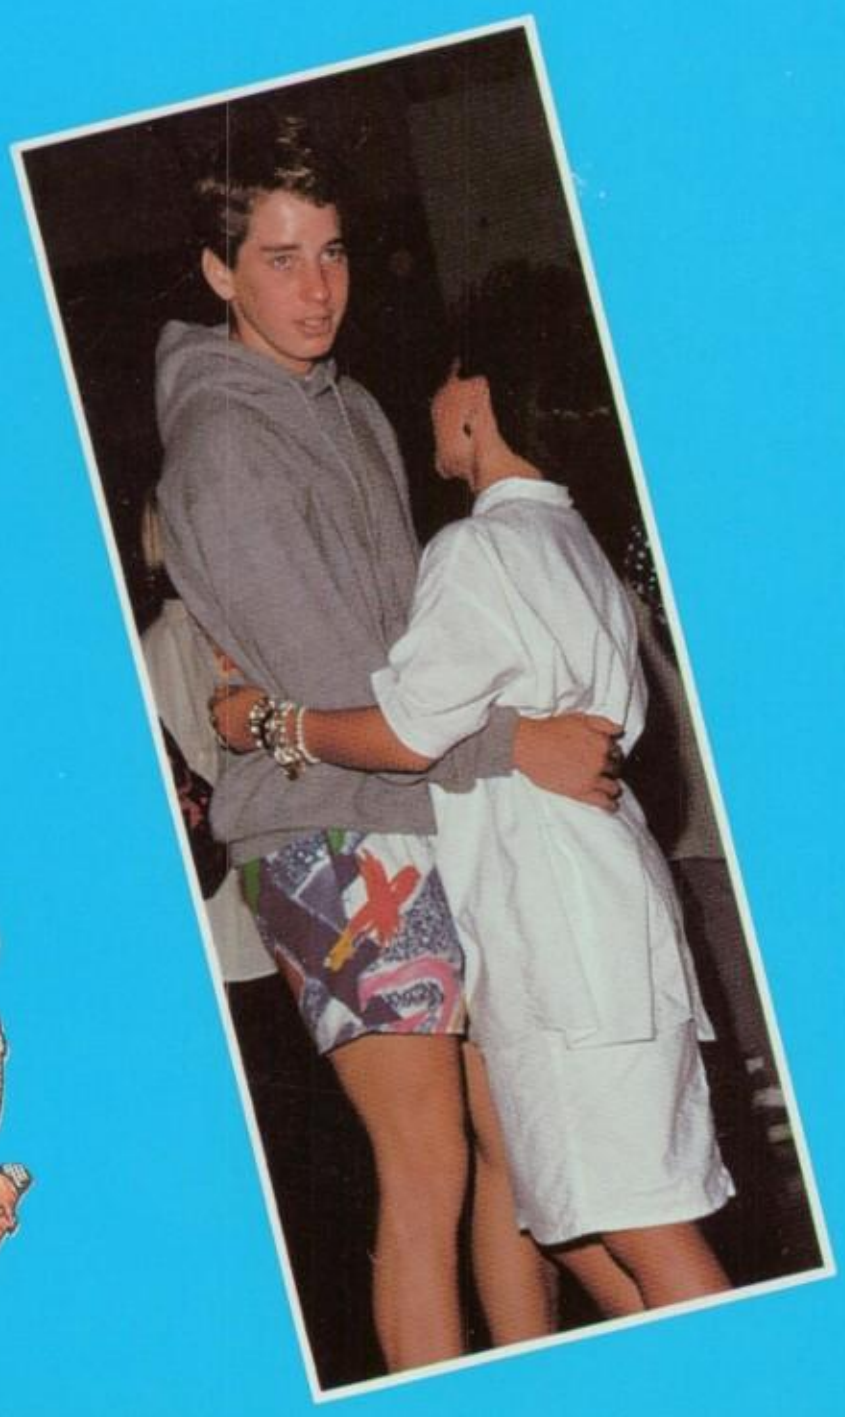


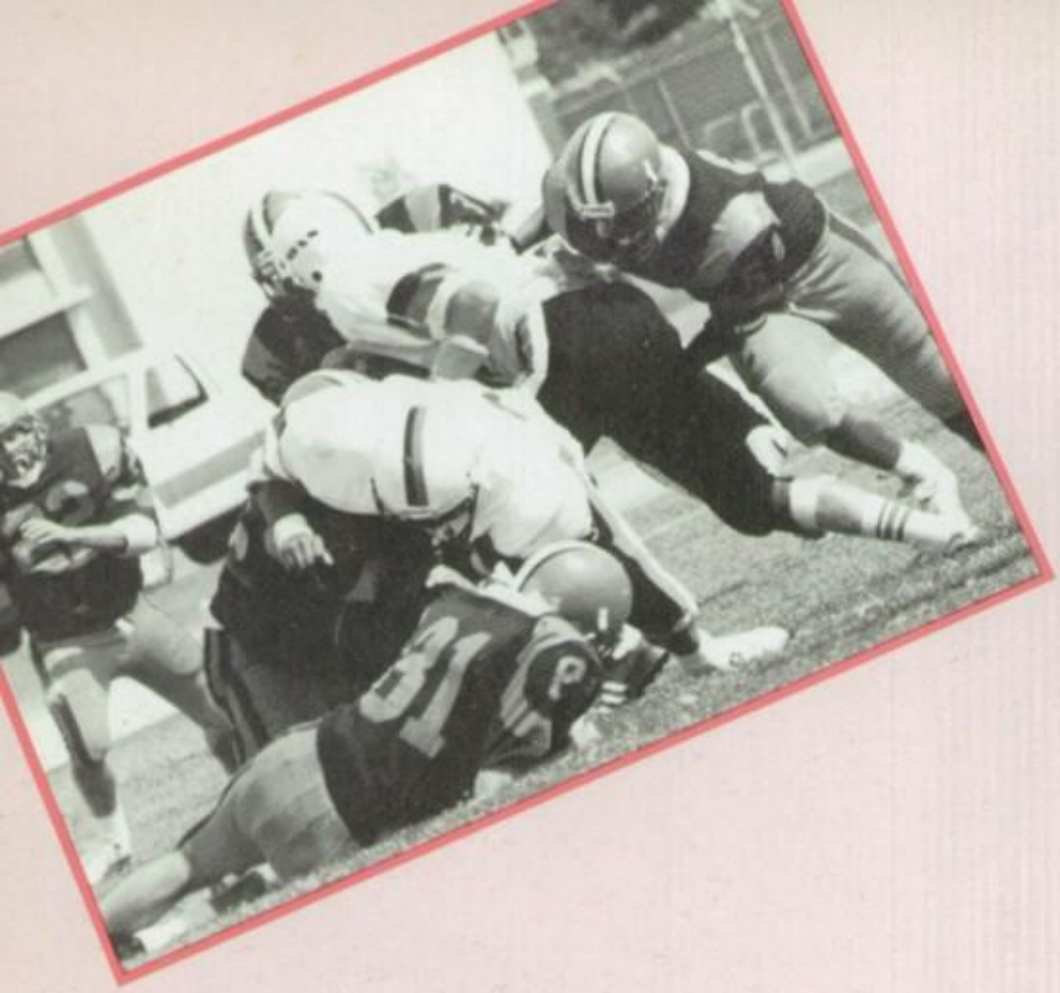












A NEW V.P. APPEARS

Don Barrett, a 19-year veteran of San Jose Unified School District, replaced Oreen Gernreich as Vice-Principal following her transfer to Steinbeck Middle School. The former Social Studies teacher taught World Cultures and American Government for 22 years. Two of those years were spent in the Fremont District and Barrett also taught one year in Indiana.

"I am glad to be at Willow Glen because of its diverse community, its experienced staff, and its great kids. I simply love being here at Willow Glen High School."
